THE new passenger service on the "Texas" meets with the hearty approval of the traveling public. It suits the local trade. It gives them an early morning train to Lonieville and an early avening train home, smething they always longed for.

There will be no contest in the Conven-tion to be held in Hardinaburg to-mor-row. Judge McDesth is on easy winner. He carried every precinct in Grayson and Measle counties and all but one in Breckenridge, and one-fourth in Hardin-His instructed vote is 31½ while Mont-gomery's in 11½. There are 43 votes in the Convention.

The gold bugs are still making a great feas about the Chicago platform, true Democracy, and in fact most everything that happens toget in their way. Now we haven't heard of anybody sujing any-thing hard against the gold hough lately, and why do they keep up their old 1806 racket? Truly they ought to mend their ways.

That was a plendid, onthusiselic methods it Sandy Hill church has fainthys. There were some excellant papers real and the music was simply grand. And some intelligent, fine looking assenged of people the Niwe has not seen in many a day. They are great church people and Sanday School workers and that's the secret of their generous hospitality.

BREWENHIDE county should go solid for Gus Richardson for Clerk of the Court of Appeals. He is our neighbor and our friend and he expects and ought to have the support of his nearby countries on the track. There is no man in the track. There is no man in the State that has done more or given up more for the Democratic party than has Gus Richardson.

A POPULIST'S VIEW

Euron Nawa:—I wish to say a few words to the voters of Breckenridge county, in a plain and candid manner from the fact that after a general or par-tial consultation, the Democratic leaders saw clearly that they could not, single-handed, elect anybody to any of the com-

ty offices.

They, therefore, agreed to offer the People's party certain county offices. The Damocrats to select their own candidates, and the People's party to make their own estection, not Democrats for depity or otherwise. Under this agreement the noninations were made and small matching and the county of the property of the prop
